## Testimonial, Jay Leask, Professional Golfer

"Being a professional golfer, deciding whether or not to have laser surgery was very important considering the risk to my career if my vision was worsened. Now that I've had the surgery, I feel it is the best investment I've ever made. The LVCCC staff and surgeon, Dr Arora, were all fantastic! FemtoLASIK was quick and painless, and I now have better than 20/20 vision without glasses. Two months after surgery, my vision continues to improve. Thanks to everyone involved! My lifestyle is so much better and I'm enjoying life so much more."

## Golf Day

LVCCC are proud to once again support Toowoong Bay SLSC annual charity golf day at the Shelly Beach Golf Club on Friday, April 4. We're sponsoring a hole as well as offering free laser eye surgery (if suitable) to anyone who makes a hole-in-one on our hole!
